

Position: OTR Class A Driver

Position Classification:	Full Time / Non- Exempt
Position Reports to:	Fleet Manager -or- Location Manager
Position Supervises:	None

Position Summary

OTR Class A Drivers are charged with the safe operation of Ingenium's commercial vehicles, including cargo, during transportation, for Ingenium's long haul operations and associated logistics. Ingenium's principal cargo is hazardous materials/ wastes. Also responsible for carrying out routine hazardous waste-related projects, as needed, in support of branch operations. These include safely operating with and around hazardous materials, adhering to local, state, and federal regulations, and at times, interfacing with the Ingenium's clientele during projects.

Responsibilities

Duties include but are not limited to the following:

Essential function(s)

- OTR Class A Driver is primarily responsible for all facets related to lawfully and safely transporting hazardous materials / waste for Ingenium's customers to the appropriate TSDF. This includes assistance with loading/unloading/placarding, etc., and all other functions in regard to hazardous materials/waste. Additionally, they are responsible for ensuring all piece/drum counts match and all associated shipping paperwork (manifests, BOL, others) is kept up to date and accurate.
- OTR Class A Driver spend a portion of their time planning their routes and transporting hazardous and biological waste shipments (7-12 days on the road). They must ensure all shipments are properly packaged, marked and labeled, and manifested per state and federal regulations.
- They will be required to deliver to multiple TSDF's. Routes might be different every trip. Routes will be determined based on available waste and where it needs to be transferred to.

Non-Essential function(s)

- Administrative tasks and paperwork as it relates to the following:
 - Transportation of hazardous materials (manifests, bills of lading, medical waste tracking documents, others).
 - Driver hours of service records including driver logs, 100-mile radius logs.
 - Daily vehicle inspection records (if assigned to drive a vehicle).

Qualifications and Experience

- Minimum 1 year of experience in the Environmental/ Hazardous Waste Industry.
- Must have a valid driver's license and 3 years of driving experience in operation of the vehicle class type required for this position.
- Must have a clean DMV driving report.
- Must pass pre-employment physical, respirator qualification test and drug-screening.
- Good communication skills.
- Courteous, attentive, and punctual.
- Demonstrate an understanding of safe work practices while working with chemical, radiological, and biological agents.
- Attention to detail and high level of accuracy.
- Trustworthy, honest, respectful, and flexible.

Core Competencies

Time Management

Drivers use time to their advantage. They schedule specific times to complete tasks, avoid procrastinating, prioritize their tasks in line with department deadlines and goals, start their most difficult tasks first thing in the morning, follow up on requests, and use downtime for planning and preparation. They break up projects into specific action steps and keep the process moving. They keep organized records for quick reference when completing tasks. A large part of time management for employees is to understand the scope of a project before beginning work on it. Top employees understand their tasks, why they are performed, and how they fit into the big picture.

Safety

Performs job in a manner that minimizes hazards to oneself, others, as well as the environment. Keeps work areas clean and safe and takes action to remove or remediate safety hazards in own work area and within the organization. Follows appropriate hazardous waste management procedures. Knows the departmental emergency plans for fires, disasters and campus emergencies. Recognizes and acknowledges safe behaviors exhibited by co-workers. Regularly communicates safety and environment awareness as a priority. Considers impact on environment as practices and procedures are developed and work is delegated.

Communication

Drivers have strong communication skills. They provide regular updates to their managers and communicate the status of their projects to both managers and coworkers. If they discover an issue, they ask for help when necessary and present potential solutions while discussing with their manager. They have strong verbal and written communication skills and are adept and knowing which form of communication should be used in each situation.

Customer Focus

Cares about customer needs and meets customer's expectations. Responds to issues in order of priority, timely and accurately. Enhances client service delivery systems and processes. Anticipates clients' upcoming needs and concerns.

Teamwork

As a team member, the ability and desire to work cooperatively with others on a team.

Accuracy

Performs tasks precisely and according to standards and procedures, and without errors. Proofreads work produced and/or checks products and services delivered thoroughly before handing it on to others, in order to eliminate waste. Maintains complete and precise records of work produced. Evaluates all data used in producing work thoroughly, in order to ensure reliability and accuracy. When issues present themselves, consults with others in order to ensure they have resolved them in the appropriate way. Enhances and/or maintains quality and service.

Education and Required Licenses/Certifications

- State-Issued Class A Commercial Driver's License with Air Brakes and Hazardous Materials endorsement.
- 40hr HAZWOPER certified.
- DOT Hazmat Handler certified.
- Forklift certified.
- High School Diploma or Equivalent
